He stressed the fact that Interim Term was still on an experimental basis at UTM, but the experience would help out a lot for the planning of interim Term next year which the students have recently voted in favor of for next year's calendar.

'Our guess is still about 500 to 600 students up here for Interim Term," Campbell said. "Although we haven't received a lot of student input in this I feel we'll get a lot of last minute students who suddenly decide that they want to come to fnterim Term.

Interim Term has been an-nounced by Phillip Watkins, director of undergraduate life. Watkins said that the rule requiring freshmen and ophomore students to live on campus will not be enforced for the duration of Interim Term. Watkins explained that this is for the benefit of housing which will possibly undergo a lot of last minute applicants.

Registration for Interim Term will be through November 20 and 21. Camp-bell said he hopes all registration can be taken care of in those two days but late registration will be allowed although he cited the fact that they would need the weekend right after registration to make final decisions such as about classes which do not have enough enrollment.

"One of the main reasons for the early registration is so we can have the weekend to work on last minute plans," Campbell said. "But another reason is so Interim Term can go on for a total of fifteen days, giving the students and teachers a day more for

The resignation of SGA Secretary of Communications Bill Nance last week could, if handled properly, have positive consequences for both the students and SGA itself

The resignation of Nance itself is not the main issue He felt he was not doing the job, saw no chance for improvement, and decided to quit. Although he should have realized this before running, he did at least have the fortitude to resign instead of continuing on a halfway basis. Now the students should be able to be represented to a greater extent than they

A more important point in the issue is the statement made by Nance regarding the position of secretary of communications Although the position is an important one, it is constitutionally bound by duties that are simply not needed. The position, if revamped, could become more than merely s public

relations outlet for SGA-sponsored events. A case in point is the constitutional duty of the secretary to publish a weekly calendar of events and SGA newsletter. With The Pacer

and WUTM serving the function of providing

the campus community with news, it seems senseless for SGA to spend the time and money to print up separate publications. Little could be included that is not adequately covered. aiready, and few students would read it if it had nothing new in it. The constitution should be

The main requirement for the new secretary should be that he have enough time to fill the post. As in most student leadership positions, there is a great deal of time involved in being an SGA officer. Nance found that he didn't have the time, but hopefully the new officer will.

It would be easy for SGA to disregard Nance's suggestions as "sour grapes" and continue to operate on the same set of principles as before. As Nance was apparently not doing the job weil, this inclination would be even stronger. They should analyze the position's requirements now however, while the chances are good for reform. The new secretary would be much better off spending his time on substantial items and not on the "unimaginative trivia" that is required in the constitution.

In a recent issue of The Pacer (October 30, 1975), the Executive Council of the Martin Chapter of AAUP implied that the faculty may have suffered from its own 'timidity.'' This group's recent 'deliberations' makes it probably the most informed faculty campus group on such matters as facultymatters as lacul, administration rights, responprivileges, and respon-sibilities. A partial listing of responsible positions already accepted individually by this group includes: 1) three members, one of whom is chairman, serve in the Academic Senate, 2) three members constitute the UTM Faculty Advisory group to Dr. Edward J. Boling, U.T. President, and 3) ten appointments to administrative committees were assigned to members of this group.
This group has excellent

rapport with the administration and which with their influential positions of leadership, places upon them the primary responsibility for recom-mending and implementing changes, if need be, in the Faculty Handbook and-or in the AAUP guidelines.

As a member of AAUP, I trust that our Executive Council will identify openly, tactfully, and forcefully, any questionable areas of faculty concern. They have already demonstrated both individually and coliectively their own desire for honesty in academic and professional matters. To the Editor: I am announcing my can-didacy in the special election to fill the vacancy that will occur due to the resignation of Bill Nance as Secretary of Communications. I want to state at the outset of my campaign that I disagree with Bill's comments about the job description for Secretary of Communications contained in the S.G.A. constitution. 1 think it is unfortunate that he labeled the duties required by the constitution as an "immense amount of unimaginative trivia." I feel that they are very essential to effective communications between the S.G.A. officers and the student body.

For instance, the weekly S.G.A. newsietter, if it were used correctly, could do a great deal to stimulate student interest in and support of S.G.A. goals and functions. I hope Congress does not over-react to the Nance resignation and the suggestions to drastically change the office of Secretary of Com-munications, I can understand and accept Bili's personal reasons for resigning; however, I regret that he also felt it necessary to attack the office.

Home basketball to begin

The first Lady Pacer home basketball game will be played December 15 in the Fieldhouse at 7:00 against Indiana University, according to head coach Nadine Gearin.

"We've not put out any schedules as of yet," Gearin said, "but we do want to let everyone know that our home season will officially begin during Interim Term."

Practice began approximately five weeks ago as seventeen girls attended the first session, Gearin stated. She said that no official cuts would be made, although only ten to twelve would be taken to each game.

'We're happy to have this many girls out for the team," she said. "This means we'll just about never have a definite ten to twelve player team. One girl might dress out for one game and another girl another time."

Pacers fall to Troy State, to combat Lions Saturday

After two atraight road games, the Pacers will host the University of North Alabama Lions this week following a 17-0 loss to Troy State before a crowd of 2,500

"They whipped us every way possible," Coach Mac Intyre said."SullivanWalker was truly outstanding running the bail. I think for the first time this year our kids weren't ready to play."

The game was dominated by the Trojans, or more specifically Sullivan Walker, a transfer from Auburn, who scored both Troy State touchdowns. The home team started at their own 42-yard line and drove to the Pacer's 34 before a Gary Guthrie interception at the

elghteen halted the drive. However, UTM was forced to punt and the Trojans once again received excellent field position, this time at their own 47. Following a two-yard plunge into the center of the line, TSU quarterback Bobby Lee pitched out to Sullivan Walker, who outraced the defense 51 yards for the score. The extra point gave the home team a 7-0 lead

The Pacers' next offensive attempt stalled around midfield, and David Brown punted the enemy into a hole at their own seventeen. The Trojans then mounted one of the few sustained drives given up by the Pacer defense all year, marching eighty-three yards in fourteen plays, with Sullivan Walker scoring from two yards out. Again the PAT was good and Troy State led

The Trojans attempted two field goals before halftime, neither which was good. The first was a 53-yard effort which would have tied the Gulf South Conference record, now held by UTM's Randy Barnes in a 1972 game against North Alabama. The other attempt came from 42 yards away and the TSU lead atood at 14-0 at halftime

Troy State kept the Pacers backed in their own end of the field in the third quarter, and, although the score remained the same at the end of the period, they had good field position as a result of a blocked punt. After the offensive threat stalled, a 47vard field goal - which tied the Troy State record - gave them a 17-0 lead early in the

After an exchange of possessions, UTM had the ball on their own four. The Pacers then drove 91 yards, which was sustained by a fumbled punt, a play that covered a total of 44 yards. The Pacers' attempt for a first down at the TSU five failed and that was the last threat of the game.

led by quarterback Alvin Smalls and fullback ''Sweetcake'' Williams. Smalls had 51 yards rushing and 31 passing, while Williams was held to 38 yards on the ground.

Troy State was led by Walker and quarterback Bobby Lee Before leaving at the end of the first half with a reaggravated injury that had sldelined him for three games, Walker rushed for 140 yards on only eleven attempts and touchdowns. Lee com-

This week, UTM hosts the Lions of North Alabama A Pacer victory would even the series at eight games aplece, as the Lions won last year's game 42-10.

"North Alabama's offense is similar to Troy State. They both run the veer and throw the ball extremely well,"
MacIntyre said "They have put more points on scoreboard than anybody else in the conference. I'm sure we'll have a hard time con-

"We request how request how many

forms we require, then we bring those forms to Martin," Cox explained

Cox said that a registered voter from the courty which a person is allowed to register in must be present during the registration. He encouraged all registered voters from all counties that were interested in the drive to contact SGA

'Hopefully we will have enough registered voters to cover several counties as opposed to just Weakley County," Cox said.

The Knox County Election Commission turned down 2100 of UT Knoxville's post card registration forms due to their not meeting registration requirements.

Half of the 2t00 rejections ere unacceptable for a dozen different reasons, including the use of witnesses who were not registered voters and failure of the applicant to complete information on the

The other half of the rejections were not unacceptable because of answers given to four questions listed the state election code under "determination of residence." One of these four questions states "Do you

Cox said students will also face the same question during UTM's registration and that for the forms to be acceptable the questions must be an-

Richard Chesteen, assistant professor of political science and constitutional law authority, said that the question reflects rather poor state legislation.

"The present voter registration law reflects rather poor legislation on the part of the state legislature that enacted it," Chesteen said "There is nothing wrong with setting a person if he is a with asking a person if he is a resident of the state or the county in which he is registering. However, to require a person to state under oath and threat of conviction for perjury that he Intends to continue that residency for an indefinite period is highly questionable from a constitutional stand point.

"Few of us can anticipate our future so as to be able to our future so as to be able to say with definiteness how long we will reside in a place," Chesteen explained. "Life is too uncertain. I know students who have come to Martin, graduated and remained to live in the county. I doubt if they anticipated that occuring

when they first enrolled." Chesteen sald that 50 million Americans move every year.
"How can any of us be sure

we will not be among them' he questioned. "I certainly would not deny myself the right to vote simply because l could not project three or four years into the future."

313 pints of blood given; Interfaith wins in drive

Staff Writer Alpha Phi Omega's annual blood drive for St. Jude Children's Research Hospital collected 3t3 pints of blood for the use of the hospital, according to Tim Carnahan chairman of the drive.

"Last year we didn't quite get 300," Carnahan said. "We felt that if we broke 300 that it would make the drive a

success. Approximately 350 came to donate blood but some were rejected due to medical

Test Rest' planned during finals week

Program will have a Test Rest set up in the athletic feeding area during finals week from 9 p.m. to 1 a.m. for students that need a break from their studies, according to Sara Webb, student co-coordinator

for the PEP program.

The Test Rest is to help release tension due to exams and just for a break," Webb said. Activities planned in-clude free coffee, table games and conversation. Test Rest will be open November 19, 20,

Enabling 21, 23, 24, and 25.

"The people who will be manning the Test Rest have been through 40 hours of training on interpersonal relationships," Webb ex-
